Internships

FullStack Intern at Acadeno
Research & Innovation Centre
[1 month]

- Built a website using HTML, CSS, React, and Django, with Django REST Framework for backend APIs and Axios for frontend API calls

Flutter intern at Wolfdale software
solutions
[15 days]

- Completed a Flutter internship where I developed an Android app using Dart, implementing responsive UI, state management, and API integration.

Flutter Trainee :Avitam
Technologies [1 month]

- Completed intensive Flutter training, building cross-platform mobile applications using Dart, Flutter UI components, state management, and API integration.

Projects

AI image detector:
[November- December 2025]

- AI Image Detector is a deep learning-based web application that uses a ResNet50 model to classify uploaded artworks as AI generated, human-created, providing confidence scores and visual analysis.

Fake review

Detection:[November-December
2025]

- AI-Powered Fake Review Detection System that uses Machine Learning and NLP to analyze Amazon and Flipkart product reviews, identifying fake and genuine reviews to improve trust in online shopping.

Summary

I'm a B.Tech CSE student interested in full-stack development and AI model development, with a focus on building practical and innovative solutions.

Skills

Programming Languages:

- Python
- Java
- C
- C++
- HTML, JavaScript CSS
- Dart
- SQL

Frameworks & Technologies

- Flask & Streamlit
- Rest-Framework
- Flutter
- Java Swing
- MySQL
- JDBC
- Django

Backend & Development

- REST APIs
- Backend Development
- Full-Stack Development
- Database Design

Tools & Platforms

- Selenium
- MySQL
- GitHub
- Hugging Face
- Ollama

Education

- Bachelor of Technology in Computer science engineering (Honors) 2024-28
- Minor in Electronics and Communication Engineering
- CGPA:9.47

Awards and Honors

- Best Outgoing Student 2024 in ASSISI EMHSS kanjikode
- Recognized as Department Topper (S4) in Computer Science & Engineering with an SGPA of 9.36.
- Ranked among the Top 3 students in the CSE 2024-28 batch with a CGPA of 9.47
